- Portpatrick

Hours: 1-2 hours per week

About Us

Loreburn is a registered social landlord (RSL) and Scottish Charity, with 2,700 homes across Dumfries & Galloway. Established more than 40 years ago, our vision and mission is to 'create great places to live' by providing good quality, well maintained, and affordable homes.

We are a community-based association, and place our tenant facing services at the heart of the communities we serve.

The Role

This role will provide a confidential point of contact within their local community for tenants who require some support and assistance. This is a rewarding role, suited to those who like to give back to their communities, providing a safe space for tenants to chat and receive information on appropriate agencies for further help and support.

What we're looking for

What's really important is that you have a strong commitment to help your local community and the ability to maintain confidentiality. This role would be suited to anyone looking to give back to their community and equally, someone who may be looking to gain skills and experience within the housing or third sector and charitable sector.

The ideal candidate will:

- Be a good listener
- Be comfortable signposting to appropriate agencies
- Liaise with Loreburn's Sustaining Communities and Neighbourhood Officers.
- Be able to provide up to 2 hours per week of their time

For a confidential chat about the role, please contact David Ewing, Community Team Manager (West) on 07593530315 or via email at DavidE@Loreburn.org.uk

How to Apply

Apply by completing the volunteering form and returning to recruitment@loreburn.org.uk

We're committed to making our recruitment practices as accessible as possible for everyone, this includes making any necessary adjustments. If you need us to do anything differently as part of the recruitment process, please let us know.
