

Household Contents Insurance – Be Prepared!

Loreburn Housing Association is keen to encourage all tenants to take out Home Contents Insurance to protect their personal belongings. Although your home is covered by Loreburn's own building insurance, all internal decorations and items such as televisions, freezers and washing machines are the responsibility of the tenant to insure against accidental damage, loss, theft or fire.

Loreburn will not provide financial assistance in the event that you have not arranged adequate insurance for your possessions.

As an incentive, Loreburn will provide tenants with £10 upon providing proof that insurance has been taken out on their home if received within 6 weeks of their tenancy start date.

The £10 will be credited to your rent account. You can request a refund from your rent account at any time providing you are in credit by £10 or more with no outstanding monies being owed to Loreburn.

In the event of a fire, flood or theft, the cost to replace items such as floor coverings and white goods can be very expensive. Don't risk it!

If you have any questions, please contact your Housing & Community Engagement Officer.
